

NOTES FOR CONTRIBUTORS

ACTA MEDICA CROATICA publishes leading articles/editorials, original articles, reviews, case reports, annotations, examples of continuing medical education, abstracts from congresses and symposia, letters to the Editor, book reviews and other contributions. Issues dedicated to a topic chosen by guest-editors are also published. All manuscripts should be written in Croatian. Acceptance of a categorized manuscript precludes its submission/publication elsewhere.

Manuscript preparation

All manuscripts should be submitted in Croatian in three hard copies and on diskette in Word. Original papers should not exceed 20 double space pages (maximum 30 lines *per* page).

Original papers should contain: Introduction, Objective(s), Methods, Results, Discussion and Conclusions. In the Introduction section, the issue should be clearly and concisely presented. In Objective(s), the aim of the study is briefly described. In the Methods section, the methodology, apparatus and procedures used in the study should be identified in sufficient detail to allow other workers to reproduce the results. Widely known methods need not be described but original references should be used. For drugs, generic names should be used (trade names can be mentioned in parentheses). Results should be clearly and logically presented, and their significance should be demonstrated by appropriate statistical methods. In Discussion the results obtained are discussed against the existing state of the art. Conclusions should correspond with the aim(s) set in the Objective(s).

The title, first and last name(s) of the author(s), institution(s) and address of the corresponding author should be submitted on a separate sheet of paper.

Synopsis written in Croatian should contain maximum 200 words on a separate sheet of paper.

Typescript should contain extended structured [Objective(s), Methods, Results, Discussion, Conclusion(s)] abstract (500–600 words) with title of the manuscript, initials of authors' first name(s), full last name(s) and institution(s) in English.

Below the Abstract, key words that will assist indexers in cross indexing the article should be provided.

Each table is presented on a separate sheet. Number tables consecutively in the order of their first citation in the text and supply a brief title for each. The same applies to figure legends. On the back of each figure put the name of the first author, the figure number and the "top", preferably with a soft pencil. Black-and-white glossy photographs should be submitted. Drawings should be made by Indian ink on white paper or printed by laser or ink jet printer using high resolution graphic techniques.

References are submitted on separate pages in the numbered sequence following their mention in the text. References are cited according to the "Vancouver style" proposed by the International Committee of Medical Journals Editors (N Engl J Med 1991; 324: 421–8 and BMJ 1991; 302: 338–41). The titles of journals should be abbreviated according to Index Medicus.

Article in the journal (if there are six or less authors, they should all be mentioned; if there are seven or more authors,

the first three should be mentioned and the "*et al.*" should be added.
