

Prof. dr. sc. **DRAŽEN PULANIĆ**, dr. med., izvanredni je profesor Medicinskog fakulteta Sveučilišta u Zagrebu, specijalist interne medicine, uži specijalist hematologije, primarijus, znanstveni savjetnik u trajnom zvanju.

Rođen je 1974. u Zagrebu. Diplomirao je na Medicinskom fakultetu Sveučilišta u Zagrebu 1999., magistrirao 2003., te doktorirao 2006. na Medicinskom fakultetu Sveučilištu u Zagrebu. Voditelj je Odjela za hemostazu i trombozu te benigne bolesti krvotvornog sustava, Zavod za hematologiju, Klinika za unutarnje bolesti, Klinički bolnički centar Zagreb, od 2020. godine. Područje znanstvenog i stručnog interesa prof. Pulanića su nasljedne i stečene bolesti hemostaze i tromboze, benigne hematološke bolesti, kronična bolest presatka protiv primatelja nakon transplantacije krvotvornih matičnih stanica, te multipli mijelom. Bio je suradnik ili voditelj više znanstvenih projekata, mentor 14 diplomskih radova, 5 doktoranada, publicirao 192 stručna i znanstvena rada (od čega 67 u CC/SCI), suradnik u 15 medicinskih knjiga, su-urednik jednog sveučilišnog udžbenika i su-urednik jednog fakultetskog priručnika, objavio 175 kongresnih sažetaka, te bio pozvani predavač na više domaćih i međunarodnih kongresa. Usavršavao se u SAD-u. Od studentskog razdoblja do danas bio je glavni urednik ili član uredništva više medicinskih časopisa. Dobitnik je Rektorove nagrade za najbolji studentski rad 1996./1997. Prvi je dobitnik Godišnje nagrade Zaklade Hrvatske kooperativne grupe za hematološke bolesti Krohem za izvrsnost i postignuća u znanstvenom i stručnom radu na području hematologije za 2017. godinu. Aktivno je sudjelovao u organizaciji više domaćih i međunarodnih znanstvenih simpozija. Voditelj je Radne skupine za benigne hematološke bolesti Hrvatske kooperativne grupe za hematološke bolesti Krohem od 2018., prvi je dopredsjednik Hrvatskog društva za hematologiju Hrvatskog liječničkog zbora (HLZ) od 2022, drugi dopredsjednik Hrvatskog društva za hemostazu i trombozu HLZ-a (od 2020.), član Hrvatske liječničke komore i HLZ-a. Član je više međunarodnih medicinskih udruženja, poput European Society for Blood and Marrow Transplantation (EBMT); European Hematology Association (EHA) – član je EHA Specialized Working Group (SWG) on Thrombocytopenias and Platelet Function Disorders; International Society on Thrombosis and Hemostasis (ISTH) – član je Scientific and Standardization Committee (SSC) - Subcommittee on Platelet Immunology of the ISTH. Suradni je član Akademije medicinskih znanosti Hrvatske (AMZH) od 2018. godine, a redovni član AMZH-a od 2024. godine.

Prof. **DRAŽEN PULANIĆ**, MD, PhD, Associate Professor, School of Medicine University of Zagreb, Internal Medicine specialist, subspecialist in Hematology, Primarius, Scientific Advisor in permanent position.

He was born 1974 in Zagreb. He graduated (MD) at the School of Medicine University of Zagreb (1999), obtained MSc (2003) and PhD (2006) at the School of Medicine University of Zagreb. Prof. Pulanic is the Head of the Unit for Hemostasis, Thrombosis and Benign Diseases of the Hematopoietic System, Division of Hematology, Department of Internal Diseases, University Hospital Center Zagreb, since 2020. His main scientific and professional interest are inherited and acquired disorders of hemostasis and thrombosis, benign hematology diseases, chronic Graft-versus-Host disease after hematopoietic stem cell transplantation, and multiple myeloma. He was collaborator or principal researcher of several scientific projects, mentor of 14 graduate thesis and 5 doctoral dissertations, published 192 professional and scientific papers (67 in CC/SCI), collaborator in 15 medical books, co-editor of 1 university textbook, co-editor of 1 faculty manual, published 175 congress abstracts, and was an invited lecturer at several domestic and international congresses. He was trained in USA. Since student's time until now he was editor-in-chief or member of editorial board of several medical journals. He received the Zagreb University Rector's award for the best student's scientific work (1996/7).

Prof. Pulanic was the first who received the Annual Award of Croatian Cooperative Group for Hematology Diseases Crohem Foundation for excellence and achievements in scientific and professional work in hematology for 2017. He actively participated in the organization of several domestic and international scientific symposia. He is the head of the Working Group for Benign Hematological Diseases of the Croatian Cooperative Group for Hematological Diseases Krohem since 2018, the first vice-president of the Croatian Society for Hematology of the Croatian Medical Association (CMA) since 2022, the second vice-president of the Croatian Society for Hemostasis and Thrombosis of the CMA (since 2020), a member of the Croatian Medical Chamber and CMA. Prof. Pulanic is a member of several international medical associations, such as the European Society for Blood and Marrow Transplantation (EBMT), the European Hematology Association (EHA) - he is a member of the EHA Specialized Working Group (SWG) on Thrombocytopenias and Platelet Function Disorders, International Society on Thrombosis and Hemostasis (ISTH) – he is a member of the Scientific and Standardization Committee (SSC) - Subcommittee on Platelet Immunology of the ISTH. He is an associate member of the Croatian Academy of Medical Sciences since 2018 and a full member since 2024.
